Hawthorn Pilsner draws inspiration from the famous lager regions of Europe. With imported German Pilsner Malt as the base and just a hint of CaraPils Malt, it pours a crystal pale straw colour.

Cool fermentation with a European yeast strain and a lengthy cold storage ensures a very clean & crisp finish, while the use of noble German hops mid way through the boil introduces a delectable grassy floral flavour. Finally we dry hop a fresh Czech variety for a delicate spicy aroma.

Hawthorn Pilsner is an all malt beer with no added sugar, chemicals or preservatives. Drink it cold and best from a narrow glass. Perfect with fish and chips, or equally enjoyable on its own.

Highly refreshing and light to medium in body, Hawthorn Pilsner is the perfect easy drinking beer.
